

# HydroDome

*Hydrodynamic Separator*

**NJDEP Certified**

**NJCAT Verified**

**ETV Verified**

## Product Info

HydroDome efficiently removes oil, trash, and TSS (suspended solids and their associated metals, nutrients, bacteria), from stormwater runoff

## Applications

HydroDome can be used as a stand-alone treatment solution; as part of a treatment train; or as a pretreatment device for infiltration, underground storage, and bio-retention.

## Features

- Lower Cost than most separators
- Siphon creates additional storage in the system
- Captures oil spills, TSS and trash
- Does not scour TSS (NJCAT, 2020, ETV Canada (2021)
- Captures floatables and does not scour (99.7% retainage of oil/floatables , ETV Canada, 2021)
- Easy to maintain

## Sizing & Design

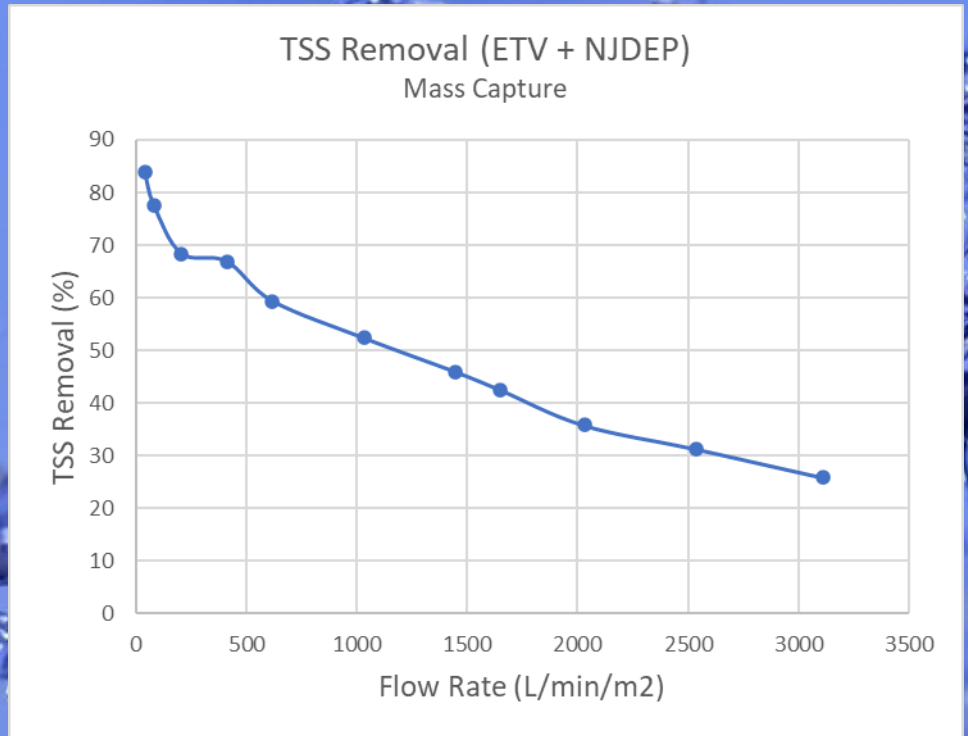

Sized based on laboratory testing results and annual TSS removal and/or water quality flow rate.
